Re: Amended Mid Year report (01/01/2011 – 6/30/11) Received  
08/10/2012.

Dear Mr. Fortkiewicz,

As we were preparing our mid year 2012 report, we realized that the cash on hand balance was off. We went back and amended a series of prior reports to fix that problem. In the process we discovered that these disbursements had not been included in our initial filing.

We regret these oversights and omissions and have corrected them through our amended reports. We apologize for any inconvenience this may have caused.

Sincerely,

F. Philip Fiermonte
